

**CONNECT THE 72 DOTS!**

Why 72? That's because 72 is four times the number 18, the value of the Hebrew letters *chet* and *yod*. In Hebrew, each letter has a numerical value. The number 10 is the letter *Yod* and the number 8 is the letter *Chet*. Together, *Chet-Yod* spells the word *Chai*, which means "Living" or "Life." For this reason, 18 is considered the luckiest number.
