About 14Y's After School Program

Each afternoon includes homework help and a healthy snack, as well as classes centering on movement, the arts, or intellectual discovery.

Our signature classes are taught by our specially trained counselors and professional teaching artists. Age-appropriate classes include art, dramatic play, science, imagination, creative writing, sports, swimming, and so much more. In addition to our After School offerings, children also have access to our aquatics and athletics classes at special rates.

Classes are disability-inclusive and open to children of all needs and abilities.
